Communication

We ask you to not contact the centre directly.

In case of emergency please contact the school, who will then contact staff.

Children are not to bring any electronic equipment or mobile phones, they should be far too busy to use them.

We understand that children maybe homesick and hope that through our support they will not need to contact home. On residential visits the children hardly have time to think about home! However, if we feel that a reassurance call is needed please be assured we will make it; we aim to act in the best interests of your child.

Spending Money

- This is £5 maximum.
- Please put any money inside a purse/wallet/envelope that is clearly marked with your child's name.

Extras

- If you would like your child to bring a few sweets, please could you ensure that they do not contain nuts.
- No mobiles or other electronic devices.
- Digital cameras brought at your own risk – a disposable camera might be best.

Medical Information

- A medical form will be handed out nearer the time.
- Any medication to be fully labelled and handed in to staff on the morning of departure.
- Inhalers
- Travel sickness tablets – please check time needed to work.
- Food allergies – please write on medical form
- Night time issues – can be discussed in confidence.

If you have any further questions, please contact Miss Gray or the office.
