

# I can say one good thing about myself.

This week, we read a letter St. Paul wrote to his friends in a place called Corinth.

In the letter he told his friends that God has given us all gifts.

There is something that each person is good at and we have to discover what that is so we can use our gift to help God's family.

Can you think of one thing you are good at? It might be making people laugh, it might be being helpful at home, it might be tidying up in the classroom. There is something you are good at so think hard for a moment...

Go forth this week and use your special gifts to help every one in God's family .
